FOR IMMEDIATE RELEASE

Onity Signs Preferred Supplier Agreement With Marriott International

*Onity to supply electronic locking solutions to Marriott properties
throughout Europe, the Middle East, Africa and Asia*

Oyarzun (SPAIN) – 15 February 2007 – Onity, a leading global provider of electronic control and security solutions for lodging applications, has signed a landmark agreement with Marriott International, making the company a preferred supplier of electronic locking solutions to Marriott properties in most regions of the world. This agreement, which includes properties in Europe, the Middle East, Africa and Asia Pacific, is valid through the end of 2008.

Prior to selecting Onity as a locking solution partner, Marriott management conducted a thorough evaluation and negotiation with Onity's EMEA (Europe, Middle East and Asia) regional headquarters in Spain. The final decision was based primarily on Onity's excellent worldwide customer service and support network, well-known product quality and superior reliability.

Marriott International, Inc., (NYSE:MAR) is a leading global hospitality company with nearly 2,800 operating units in the United States, as well as 67 other countries and territories. Worldwide, the Marriott chain comprises more than 500,000 guest rooms.

Marriott currently has plans to add 85,000 to 100,000 hotel rooms worldwide between 2007 and 2009, representing 5 to 6 percent net annual compound growth. The company expects its worldwide system to encompass nearly 600,000 rooms by year-end 2009. They anticipate adding over 30,000 hotel rooms to their system outside of North America at a compounded average annual growth rate of between 9 and 10 percent through 2009. This growth would expand Marriott's global presence to approximately 120,000 rooms outside of North America by year-end 2009.

■

“We recognize and value the relationship we have always had with Marriott,” said Borja Ibarrodo, Key Account Manager EMEA for Onity. “We are very excited about the possibilities this partnership will generate, and the growth we will both experience during the next two years. Onity is strongly committed to both meet and exceed Marriott’s expectations, and we highly appreciate their reliance on our performance.”

With over 3 million locks installed worldwide, Onity has become a recognized leader in electronic hospitality solutions by concentrating on exceptional service, product reliability and user-friendly systems. Always on the leading edge of technology, Onity electronic solutions are designed to enhance the value proposition for their hotel clients, while significantly improving the guest experience.
