

2011 National Championship Air Races

Latest Update: 9:30 a.m. Friday, Oct. 21, 2011

Our thoughts and prayers are with all of those affected by the tragic accident on Friday, Sept. 16. Words cannot adequately express the sympathy and sadness we feel for those who were lost or injured, for their families, and for those who are grieving in our community and all around the world. We can only begin to understand the pain that many are feeling today. We share your sorrow and pray for comfort and solace in this difficult time.

While our hearts are heavy, we also want to acknowledge our deep appreciation for the amazing efforts of emergency crews, first responders, servicemen and women, and

selfless citizens who worked so valiantly to help those in need. Their courage and compassion in the face of adversity was truly extraordinary and nothing short of heroic.

Please accept our most sincere and deepest condolences,

The Board of Directors of the Reno Air Racing Association.

For any spectator who sustained a physical injury as a result of this unfortunate and tragic event, who has not already contacted the Reno Air Race Association, please report your injury to Rich Boeschen at (214) 530-5822. If you receive a voicemail recording, please leave a message and your call will be returned.

Think Kindness, a northern Nevada non-profit, has started a fund for the victims and family members affected by the tragic accident on Friday, Sept. 16. Visit www.thinkkindness.org for more information.
